

ABILITY LEVEL DECLARATION REQUIRED FOR PLAYERS RESIDENT OVERSEAS OR PLAYERS LIVING IN JAPAN WITH EXPERIENCE PLAYING OVERSEAS

Purpose: In order to conduct fair tournaments, players who reside overseas or who have experience playing overseas must inform the tournament organizer of their ability level when they enter an event.

JCBL membership: In principle all players must be JCBL members to enter sectional and higher rated tournaments, but an exception is made for short-term visitors to Japan.

Required declaration for competing in events with masterpoint (MP) or seed point (SP) flighting:

○Whether or not you have joined the JCBL, you must tell the director your “estimated master points” or “estimated seed points” every time you enter a tournament (other than an open event).

○However, once your actual JCBL Masterpoints and Seed Points exceed your estimated master points and seed points the requirement to make a report to the director ceases.

Choose your LEVEL from the table below.
